

**Appendix 1 – 17 January 2023 – Housing Scrutiny Committee**

# Housing CCTV Upgrade

## Overall programme

- There are 47 estates in the overall programme, most of these have had cameras historically
- We have been reviewing priority areas with Community Safety colleagues and Police
- Detailed design visits and resident consultation walkabouts commenced February 2022
- Walkabouts involve a wide range of personnel and technical specialists
- We are creating a CCTV programme web page with forward plans and regular updates

## Latest position # 1

- The “Main Central Ring” of 5 transmitters all installed and working
- A southern ring of 3 transmitters started Nov 22 and is being tested
- A northern ring of 3 transmitters to be started Jan 23
- We are also installing cameras to monitor rooftops and server rooms on housing estates to protect the new network
- First 58 new CCTV cameras installed across the Regents Park estates and all working
- In total, Regents Park estates will have 85 cameras once fully complete

## Latest position # 2

- Installations underway at:
  - **Bayham** – Brockham, Rainham, Faversham and Westerham (*cameras all installed, awaiting handover*)
  - **Ampthill** – Gilfoot, Dalehead, Oxenholme, Stockbeck, Beckfoot, Mickledoore, Brathay, Glenriddening, Calgarth, Holmrook, Lidlington

## **Benefits already evidenced through new network**

- Camera quality and images very good – low light images very clear
- Stable transmission – no drop outs
- Secure roof top equipment, secure server room, secure data
- All footage viewed and downloadable instantly via new control room
- There follows a couple of images from the old cameras and some from the new
