RECOMMENDATION:

The Culture and Environment Scrutiny Committee is asked to:
(i) note and identify any issues or areas for consideration within the proposed work programme for 2023/24 and to note the actions taken arising from previous meetings.

SIGNED:

Gillian Marston, Executive Director of Supporting Communities

DATE: 29 November 2023

1. Introduction

- 1.1. This report provides an outline of the proposed 2023/24 work programme for the Committee at Appendix A. It also presents an update on progress in following up on actions from previous meetings.

2. Terms of reference

- 2.1 The Committee has the following terms of reference:

1. To scrutinise the Council's cultural and environmental policies and the provision, planning, financing, management and performance of services relating to culture, environment, regeneration, community safety, parking strategy and operations, and the voluntary sector provided by the Supporting Communities and Corporate Services Directorates and other service providers.
2. To be the Council's Crime and Disorder Committee.

3. General information about planning the work programme

- 3.1 The work programme should be informed by the corporate priorities of the Council, the priorities of the relevant portfolio holders, and issues raised by our communities.
- 3.2 The Joint Chairs of Scrutiny have been working with the Centre for Public Scrutiny (CfPS), members of the Cabinet, other scrutiny committee members and senior officers to review the Council's scrutiny function and develop options for the future improvement of scrutiny. The Joint Chairs of Scrutiny have proposed that the following prioritisation criteria be considered as a good practice approach to supporting the ruthless prioritisation of individual scrutiny committee agenda items:
- Will improve outcomes for residents and local communities and/or value for money;
 - Is of significant relevance to residents and local communities;
 - Will contribute to the understanding and/or delivery of agreed strategic priorities;
 - Will help develop a shared understanding of a problem, its challenges, opportunities and possible solutions;
 - Will promote wider engagement with local residents, communities and the local voluntary and community sector (VCS);
 - Will increase collaborative working, sharing of information, networking and engaging across stakeholders.
- 3.3 The Committee covers a wide range of services as seen in the terms of reference. The structure chart at Appendix C identifies the key senior officers who hold these services within their divisions.
- 3.4 A provisional work programme is available at Appendix A. Further changes can be made as the Committee considers appropriate. The Committee is asked to

review the contents of the work programme and provide their views on what the Committee may wish to discuss during the 2023/24 municipal year. There may also be matters that emerge during the year that warrant amendments to the programme.

- 3.5 The Committee is also invited to consider what, if any, forthcoming key Cabinet decisions it wishes to look at in advance of those decisions being taken. Forward Plan items under the Committee's remit are set out at Appendix B.
- 3.6 An action tracker, which updates on progress in following up the Committee's actions, is at Appendix D.

4 Scrutiny Panels

- 4.1 The Committee can form scrutiny panels to look at more specific areas under its remit. These are task-and-finish panels and should be established with clear terms of reference and target date to report back to the main Committee.
- 4.2 The Committee is constitutionally limited to one panel at a time, and co-ordination of Panels should be agreed by the Joint Chairs of Scrutiny Committee to ensure effective use and co-ordination of resources across all scrutiny committees.

5 Legal comments of the Borough Solicitor

- 5.1 There are no legal comments arising from this report.

6 Finance Comments of the Executive Director Corporate Services

- 6.1 There are no finance comments arising from this report.

<p><u>Primrose Hill Briefing – Royal Parks</u></p> <p>To provide more detailed information on the crime stats in the Primrose Hill Area to the Committee.</p>	<p>Nick McLaughlin Police Inspector Royal Parks Operational Unit /Community Safety Manager.</p>	<p>At every ward panel meeting the local ward sergeant presents the local ward based statistics to the ward panel which provides an overview of what is occurring on the ward. This is done for the Primrose Hill ward panel as well as the other 19 Wards across Camden.</p> <p>As mentioned previously, it can be really difficult to get accurate statistics around ASB and Primrose Hill because when reporting people use landmarks/houses/street names round the edge of the park so there is distortion between data around what actually happens in the park itself and on the periphery. Primrose Hill since I started and when I look over the last 365 days has never featured as a ASB or Crime Hotspot for the London Borough of Camden.</p> <p>I understand that the invitation to the May Scrutiny Committee was sent to Tom Jarvis, TRP's then Director of Parks. Tom left the organisation in June and I cannot provide you with the specific date the invitation reached him although Committee Secretariat may know when it was sent.</p>	

<p>Royal Parks would check with their colleagues to find out when the invitation to attend the Scrutiny Committee had been issued and report back to the Committee.</p>	<p>David McLaren Royal Parks -Chief of Staff /Community Safety Manager.</p>	<p>I think the point we were making at the meeting was that while TRP was preparing the communications announcement on Primrose Hill, we did not have the scrutiny committee's May meeting date at the forefront of our minds in the maelstrom of a lot of other activity taking place in the organisation at the same time. One of the explanations may have been that the invitation could have arrived sometime earlier. We apologised for this oversight at the Committee meeting.</p>	
<p><u>Sports and Physical Activity for Children and Young People</u></p> <p>(1) To inform community centres to provide guidance and signpost people to conduct health checks before starting exercise classes.</p>	<p>Head of Sport and Physical Activity/Community Sport and Physical Activity Manager</p>	<p>Officers are taking advice from colleagues in public health and community partners with regard to the feasibility of carrying out panel's wishes and what form that could take that works for all parties taking into account the practicalities for the service provider and customers including the risks and legality.</p>

<p>To provide an explanation to the Committee regarding the Cost of Living Dashboard Q4 2022/23 table on page 115 of the agenda, as the top line relating to “Households with a cash shortfall – those households either at risk or are already in financial crisis where their income is not likely to meet their essential expenditure each month”, the March 2023 figure was shown as 3,769,</p> <p>as to why this figure was noticeably lower than the trend and the opposite direction to the other indicators.</p>		<p>Universal Credit Datashare (UCDS) information into LIFT for the first time in February. As new, different data becomes available it provides more accurate and reliable income and tenure information for UC households. It also includes UC deductions and sanctions, so this causes more households to be classed as in poverty or cash shortfall. Because of the structure of this data, it takes a couple of data refreshes to be fully represented in the dashboard, so this explains the changes between February and March.</p> <p>Secondly, the changes between March and May are due to annual benefit uprating, which increases household income relative to costs, meaning fewer households are in cash shortfall.</p>

The site is more welcoming and easier to garden in.</p> <p>They recently held an open day/re-launch following the improvements. They manage and train up volunteers and offer community gardening sessions twice a week on the site which aims to improve participants' physical and mental health well-being through food growing, gardening, nature-themed arts and crafts and other activities. They accept referrals from social prescribers, community connectors, and other organisations.</p> <p>Their Green Social Prescribing is very successful as they offer therapeutic gardening sessions and have a social prescriber employed by Castlehaven Community Association</p>

An officer inspected the tree and confirmed the lean had got worse. They recorded a defect against the tree that the root plate was beginning to lift and issued an order to our contractor to remove the tree and stump.</p> <p>This location has been recorded as a vacant tree pit in our data base and will be replanted as part of this year's tree planting season.</p> <p>We collect figures for tree planting after the planting season has finished. Dream for Trees and Growing Green will be approached to share their tree planting numbers in the borough at this time. Once all the figures have been collated we will publish the results through our web pages here around May/June.</p>
