As a long standing business I would like to object to the proposed closure of the above.

To undertake a meeting without actively inviting local businesses to attend or make representations would seem to suggest little or no concern for their opinions and/or their livelihoods.

I cannot stress enough the devastation I feel this total isolation and inaccessibility would bring to my small, but very long established patisserie in Judd Street.

Should my fears be realised you would deprive the local residents of one of the few independent businesses remaining, along with the associated loss of employment.
